

Commitment #2022-2

QSD

May 12, 2022

QSD has observed an increasing amount of chins under the same angle of depression, an epitome of a plunge of his possibility to find a girlfriend. It is therefore urgent to put up a diet plan on agenda.

History has relentlessly proved that plans with obscurity and redundancy are usually arduous to carry out. Accordingly, QSD will do his best to shorten the number of his commitments.

Commitments

- A restriction on coffee to Americano, with an exemption of a cup of latte every day
- A strict prohibition on any intake of fruit tea and milk tea
- A strict prohibition on any personal purchase of chocolate, candies, biscuits and cakes
- A strict prohibition on any non-liquid intake between 11pm and 6am

May he loses his chins ASAP.
